14th September 2016

Dear Parent/Carer,

Homework is vital to your child's progress at school. It extends their learning outside of the classroom and further develops their understanding of the work which they do at school. Your child's homework can now be easily accessed from the 'Show My Homework' website.

Their homework may consist of a written piece of work, some learning or preparation for classwork, revision or research. On occasion, your child will be set longer pieces of work which will take a number of evenings to complete. Please check your child's homework timetable carefully and monitor their homework very closely. In particular, please ensure that your child completes all homework on the night which it is set. Please also encourage your child to spend some additional time revising the day's work and also encourage them to read (for pleasure) in order to improve general literacy skills.

The best way to support your child is to have an allocated time each evening for homework. During this time your child should be in a quiet place (without the TV on) where they can focus on completing the homework which is set.

Your child has been issued with a Homework Diary and login details to 'Show My Homework' where all homework is recorded. Teachers will use the Homework Diary to write comments for your attention, as well as to give notice of detention. It is important that you check this diary each day and sign it at the end of each week, as it is a vital means of communication between the school and home. The Homework Diary is an important document and we expect your child to treat it as such.

Yours sincerely,

Mr M Neta
Assistant Principal
